

In October, we met our language assistant : Patricia Roney.

Patricia Roney was born on 25th April 1985 in Ottawa, Canada, and so she is twenty-three years old. She usually lives in Victoria but she is staying in Dijon for seven months.

She is good-tempered, musical and sporty. She listens to jazz and all sorts of music. She can play three instruments: the piano, the saxophone and the trombone.

She runs in a club and takes part in competitions.

She reads a lot of science and physiotherapy books because in Canada she works as a physiotherapist to help people who have problems with their hands or their backs.

She is keen on bright colours: red, green and yellow. She speaks English, Spanish and French (when she was a little girl she lived in France)

She is fond of comedies and her favourite actor is George Clooney. Some boys in the class are jealous because a lot of girls love him.

She is fond of travelling, so she has been to Africa, France and the United-Kingdom.

Patricia has a big family:

She has got Two sisters called Alana and Teresa and two brothers called John and James. Her mother is a manager in nursing and her father is the director of The science department at Uni-

versity. She misses her family a little.

She is a pet lover. She has a dog “Whisky” and a cat “Minou”. Whisky is a funny dog (Who’s not keen on Whisky!) but who

Likes eating the cat’s food!

Miss Roney likes living in France but she is surprised because all the shops are closed on Sundays!

She says the weather is not so bad after all in Canada:

It’s often colder but it doesn’t rain so much!

Class of 4ème4.

Victoria, Canada
